NOT A SOUL WAS LOST.

Safe Arrival in New York of the Passengers and Crew of the Burned Steamer Maasdam.

The Fire Caused by an Explosion of a Tank of Petroleum—Narratives of the Survivors.

The Fire Caused by an Explosion of a Tank of Petroleum—Narratives of the Survivors.

SAFE IN PORT.

NEW YORK, Nov. 1.—The German steamer Rhein from Bremen, arrived here yesterday with the crew and passengers of the Dutch steamer Maasdam, which was burned at sea October 24. News of the rescue had preceded the arrival in the bay of the Rhein, and when at about three o'clock the steamer was towed into her dock hundreds of relatives and friends of those who took passage in the Maasdam were on the dock. Captain Vanderzee, of the burned steamer, says he left Rotterdam October 18 with eight cabin and 133 steerage passengers and a crew of forty-five men. They had moderate weather until the 23d, when a violent northwest gale sprung up. During the storm a petroleum tank began to leak, and on the 24th one of the crew in endeavoring to find the leak ignited the oil. The tank at once exploded, setting fire to the ship and severely burning the seaman. Every effort was made to control the flames, but without success, and in two hours the Captain was forced to order the boats lowered. The passengers and crew were safely transferred to the boats and they remained near the burning vessel until nine p. m., when the Rhein came up and took them all on board. Nothing was saved but the clothes which the rescued people wore. When the passengers and crew took to the boats the storm of the previous day had subsided in a great measure, but by the time the Rhein came up a heavy sea was again running and one of the boats was half filled with water. The women and children had to be taken on board the Rhein by means of baskets.

Dr. T. T. Smith, surgeon of the burned steamer, was a graduate of Ann Arbor (Mich.) University in 1882. He and all on board agree with the Captain's story. He was unable even to save his instruments. Bruns Peterman, first officer of the Rhein, says they first sighted the burning ship when about twelve miles off. The flames lit up the sea for five miles around. He believes that had the Rhein been two hours later in picking up the Maasdam's passengers and crew not a soul would have been saved, as by that time the boats would not have been able to live in the storm.

THE RATE WAR.

The Baltimore & Ohio Will Retaliate Against the Pennsylvania Company by Running Sleepers and Parlor Cars without Extra Charge—Rates Cut at New York and St. Louis.

BALTIMORE, Md., Nov. 1.—Trains on the Baltimore & Ohio over the Pennsylvania Railroad between this city and New York will be stopped to-morrow. The passenger agents of the Baltimore & Ohio say that with the end of the old arrangement between the two roads the Baltimore & Ohio will inaugurate a new schedule. They will start in direct competition with the Pennsylvania Road, sending to all points West limited and express trains with sleepers and parlor cars, for which no extra charge will be made. They are in for the war and to stay. The new time on the Baltimore & Ohio limited to Chicago will be half an hour quicker from Washington than via the Pennsylvania limited, while to Cincinnati it is four hours faster; to St. Louis four and a half hours faster, and to Pittsburgh an hour and a half quicker.

MILWAUKEE, Wis., Nov. 1.—An agreement was effected yesterday between the Chicago, Milwaukee & St. Paul, the Chicago, St. Paul, Minneapolis & Omaha, and the Minneapolis & St. Louis Roads, whereby they will restore to tariff all rates on east-bound passenger traffic from Minneapolis and St. Paul.

NEW YORK, Nov. 1.—When the New York Central Road yesterday reduced its passenger rates to Chicago from $16.50 to $15 the West Shore Road promptly reduced its rates to $13.50, observing the differential allowance. The West Shore claims to be entitled to make this differential allowance by the sanction of the Pool Commissioners, and promises to keep its rates $1.50 below those of the New York Central. The New York Central, on the other hand, threatens to follow every cut made by its competitors. Brokers say that if the West Shore road does not carry out its promise they will force it to do so even at their own temporary loss, by reducing rates over other lines, but they have not yet begun selling below the rates asked in the regular offices. It looks now as if another reduction might be made at any moment. The Erie Road has met the cut of the New York Central by selling tickets to Chicago at $13.50. All of these prices are for first-class tickets. Second-class has been reduced in proportion.

ST. LOUIS, Nov. 1.—The cutting of passenger rates between here and New York, which has been going on the last three weeks, has reached a point which, it is said, threatens open war. The usual cut is from $22.25 to $17, but tickets have been sold at $15, and the Indianapolis Road is said to have sold as low as $12, but this is not verified. The scalpers are selling at $14.

The New Cable.

NEW YORK, Nov. 1.—The Bennett-Mackay cable was placed on the bridge Thursday and connected with the Brooklyn end. When in its proper position it will be suspended on hooks underneath the promenade. The portion of the cable resting on the bridge will be 3,400 feet in length, and will impose on the structure a weight of 4,500 pounds. The cable company will pay the trustees $250 a year for the privilege of putting the cable on the bridge.

A Chicago Bank Robbed by Its Cashier.

CHICAGO, Nov. 1.—About two weeks ago J. J. Baillie, a bookkeeper in the employ of the National Bank of North America was discharged for drunkenness and gambling propensities. It has since been discovered that he had falsified his accounts and had appropriated to his own use in the neighborhood of $6,000 of the bank's money. Baillie has left the city.

Fatal Row at a Rally.

TAYLORVILLE, Ill., Nov. 1.—In the Republican procession Friday night Leroy Hunter allowed his torch to hit Eugene Darner on the head. A quarrel and fight ensued, when Darner struck Hunter with a base-ball bat, breaking his neck. The murderer was arrested and taken out of town for safety.

THE CANDIDATES.

An Imposing Demonstration in Gotham in Honor of Mr. Blaine—Governor Cleveland's Programme.

NEW YORK, Nov. 1.—The business men met at Chickering Hall yesterday to give Mr. Blaine a reception. After Senator Sherman had made an elaborate address, Mr. Blaine entered the hall and his appearance was the signal for a furious outburst of applause. When silence was restored Mr. Blaine was introduced and spoke at considerable length.

When Mr. Blaine sat down Mr. Evarts responded to calls with a short and humorous speech, and was followed by General Fremont. From the hall Mr. Blaine returned directly to his hotel, where he received callers until dinner-time.

At ten o'clock last night Mr. Blaine was driven to a stand which had been erected near Worth Monument, where he reviewed an immense parade. A great many campaign clubs from Philadelphia were in the procession, among them the Edison Electric Light Blaine and Logan Club. Each man wore in his helmet an incandescent lamp, fed from a wire stretched along a rope borne on their shoulders and connected with a dynamo on a wagon in a hollow square. The machine was driven by a steam engine which carried a calliope playing the "Conquering Hero Comes" as it passed Mr. Blaine. It is estimated that there were not less than fifty thousand men in line.

ALBANY, N. Y., Nov. 1.—Governor Cleveland and party arrived here from Connecticut at 9:45 a. m. yesterday. The Governor at once resumed his executive duties. This morning he leaves for New York to review the business men's parade this evening. He goes to Buffalo on Monday to vote, returning to Albany Tuesday night.

Fatal Accident.

DULUTH, Minn., Nov. 1.—As A. M. Johnson and S. M. Turner were working on a swinging station at Elevator D about twelve o'clock yesterday the staging gave way and both men were hurled to the dock, a distance of sixty feet. Johnson, who was twenty-five years of age, had his left leg broken, his right arm fractured in two places and his back broken. Turner, who was twenty-three years of age, had his left arm broken in two places, a compound fracture of his left leg, and other injuries. Both men were taken to the hospital, and died shortly after.

Gilding Coins Punishable by Law.

BOSTON, Mass. Nov. 1.—In the United States Circuit Court yesterday Stephen G. Russell was convicted of gilding English coins. The defendant claimed that the gilding was done for customers in the prosecution of his business. The Judge said the defendant's intent was immaterial. Congress had declared counterfeiting a crime. The sentence will probably never be imposed, as the trial was intended for a test case to serve as a warning to other gilders.

A Warning to Careless Drug Clerks.

LONDON, Can., Nov. 1.—Some time ago George Dingman, a clerk, in Meak's drug store at Mount Bridges, a village fifteen miles southwest of here, gave two little girls strychnine instead of santanine. The children died and Dingman was arrested and his trial, which concluded yesterday, resulted in a verdict of manslaughter.

Familiarity Breeds Murder.

JACKSON, Miss., Nov. 1.—Near here Thursday Tom Phillips (colored) was shot by William Harris (white). Harris became offended at Phillips, addressing him familiarly as "Harris." Phillips replied that he required the same formality of Harris. The murderer escaped.

REPUBLICAN BOLTERS.

How the Anti-Blaine Republicans Have Conducted Their Canvass.

[Interview with Chairman Deming.]

"It is a conservative statement to say that, exclusive of New York city and Brooklyn, the Republican defection in the state at large is not less than 60,000. Ever since early last July we have been corresponding with every one whose name we could learn in any way as in sympathy with our movement. Sometimes we would secure the name from a local paper, sometimes the name would be sent us by one of our correspondents, and in a large majority of instances the first intimation we would have would be by letter from the man himself. At first our correspondence was mainly with large cities, then with smaller cities and towns, and now the bulk of it comes from remote country districts. Usually these letters give us the names of still others who are in sympathy with us. We then enter into correspondence with them and so, little by little, our list of names has grown until the figure I have mentioned above is far within the limit. As local organizations and committees have taken hold we have turned over to them the special work for their locality, but we know from the names enrolled with us over the writers' own signatures and from the names guaranteed to us in a great variety of ways that the figure I have given of the Republican defection outside of New York city and Brooklyn is far within the mark."

"Have you any means of verifying your statement?"

"Yes. In almost every election district of the state we have an organization or a committee at work in our interest. To each one of these we have sent a carefully prepared set of questions asking for precise information of the political position in their locality. These answers are tabulated and compared. They show that the defection is very much larger than I have stated. Besides, we have very good working organizations in a great many places, and from them we have very careful and detailed reports. Some idea of the magnitude of the work we are doing, and the extent of the Republican discontent at Mr. Blaine's nomination, may be gathered from the fact that it requires now the work of some thirty men to attend to the ordinary routine work of our headquarters."

"Are there any notable features in the correspondence of your office?"

"Yes, there is one peculiarity which has led me to understand better what is meant by the 'silent vote.' We have received the names of thousands of Republicans who ask to be supplied with documents, but who dislike to have their names made public for fear of annoyance, and in some instances for fear of losing their business positions. We have had a number of letters from editors of Blaine papers, who told us their own position confidentially as opposed to that of the owners of the paper, and gave important information with regard to their locality. We have had letters from clerks and postmasters and hosts of men in government employ. Our lists would make interesting reading for the regular Republican campaign committee. As the campaign has worn on, the letters have grown more hopeful and confident, and there seems to be less desire for concealment."

"From what source do you get the funds for your work?"

"Principally from the myriad small subscriptions sent by Republicans from every quarter of the state. This perhaps more than anything else points to the extent and earnestness of the Republican revolt."

Blaine Saved $10,000.

[New York World.]

There was a time when Mr. Blaine regarded his unpublished correspondence with Fisher as a very compromising matter. He trembled in his boots when there was talk of the publication of additional letters. He was willing to pay $10,000 for the documents. Since the publication of the last batch he has come to regard the Fisher letters as his shield and buckler. And why not? The great Republican leaders, such a Hoar, Hawley, Sherman and Elkins and Dorsey—together with a number of prominent college professors, business men and clergymen—have pronounced these letters to be testimonials of the highest character to Mr. Blaine's honesty and integrity. Mr. Blaine may well laugh in his sleeve as he sees his worst estimate of the gullibility of the American people thus indorsed. And he must and will laugh out loud as he thinks of the $10,000 he saved when Mulligan rejected his terrified offer.

Gratitude to the Monopolists.

[Utica Observer.]

Corporations may have no souls, but they are never ungrateful to their tools. When Blaine voted in the senate against Thurman's great anti-monopoly measure, he won the lasting gratitude of every railroad corporation in the country. It is now pretty well established that at least $1,000,000 were contributed by the railroad kings to the debauchery of Ohio. But Mr. Blaine will find it a floating reward.

S.(t.) G.(eorge) Cleveland and the Dragon.

Why he is opposed by Monopoly.

Now York Sure for Cleveland.

[New York World.]

The skies are growing brighter and brighter politically. Reports from the interior of this state are full of encouragement for the friends of Cleveland and honest government. So far as this portion of the state is concerned matters could not be in a better shape. The city will give at least 60,000 majority. Brooklyn and Kings county are good for 20,000 or more. It is as certain as anything politically can be that Mr. Cleveland will receive a larger majority this side of Harlem bridge than Mrs Tilden received in 1876.

"Business."

[New York World.]

Every "business man" who marched and bellowed for Blaine in Wall street yesterday publicly announced his willingness to have his bookkeeper, cashier and clerks make money illicitly out of their positions. That is precisely what James G. Blaine did as a member of congress and speaker of the national house of representatives, and that is the "business" that is up for indorsement or rejection by the people of the United States.

It Can Cure

It is a fact that remedies almost without number, already contest the claim to cure all the ills that afflict suffering humanity. Thousands have found them powerless to work a cure for them.

No diseases have so baffled all attempts at permanent relief as have Rheumatism and Neuralgia. A long succession of disappointments has made their agonized victims despair of the possibility of cure. For centuries they have been considered beyond the power of medical skill to cure.

And yet we say both can be cured, and that ATHLOPHOROS will do the business. The best proof that it can do it is that it has done it.

It Did Cure

Rev. S. R. Dennen, D.D., pastor Third Congregational Church, New Haven, Conn. Rheumatism had kept him from the pulpit four or five months at a time. He says he had suffered all that one could, and live. He took his first dose of ATHLOPHOROS on Friday; Sunday he was in his pulpit; Monday he was well, and has remained so since.

Rev. William P. Corbit, D.D., pastor George St. M. E. Church, New Haven, Conn., was laid up for two months with Inflammatory Rheumatism, suffering most excruciating tortures. ATHLOPHOROS cured him, and he believes it to be infallible.

H. S. Chandler, of the N. Y. "Independent," says ATHLOPHOROS cured him of Rheumatism from which he had suffered for a year and a half.

Rev. W. B. Evans, Washington, D. C., says: "I consider its work almost in the light of a miracle. It is a most wonderful medicine. It ought to be spread throughout the land."

It Will Cure

The great question is, Will it cure me? We believe it will. Is it worth trying? You must decide.

If you cannot get ATHLOPHOROS of your druggist, we will send it express paid, on receipt of regular price—one dollar per bottle. We prefer that you buy it from your druggist, but if he hasn't it, do not be persuaded to try something else, but order at once from us as directed.

To cure these diseases the blood must be purified, and restored to a healthy and natural condition. AYER'S SARSAPARILLA has for over forty years been recognized by eminent medical authorities as the most powerful blood purifier in existence. It frees the system from all foul humors, enriches and strengthens the blood, removes all traces of mercurial treatment, and proves itself a complete master of all scrofulous diseases.

A Recent Cure of Scrofulous Sores.

"Some months ago I was troubled with scrofulous sores (ulcers) on my legs. The limbs were badly swollen and inflamed, and the sores discharged large quantities of offensive matter. Every remedy I tried failed, until I used AYER'S SARSAPARILLA, of which I have now taken three bottles, with the result that the sores are healed, and my general health greatly improved. I feel very grateful for the good your medicine has done me. Yours respectfully, MRS. ANN O'BRIAN." 148 Sullivan St., New York, June 24, 1882.

ALL taxation shall be limited to the requirements of economical government. The necessary reduction in taxation can, and must be, effected without depriving American labor of the ability to compete successfully with foreign labor, and without imposing lower rates of duty than will be ample to cover any increased cost of production which may exist in consequence of the higher rate of wages prevailing in this country.

THE battle cry of the republicans the last few days is "DOWN WITH RUM, ROMANISM AND REBELLION."

VOTE three votes for J. M. Graham for the legislature. The democrats of Logan county will cast three votes each for Templeman.

THE Republican is making a howl about "pasters." It is the cry of "stop thief." Let democrats look out for "paster" and illegal voters.

No democrat, or friend of Carter Harrison, can consistently vote for Rowell for congress. He says that "no honest man can vote for Carter Harrison."

THE radical preacher who charged the democrats with being the party of "rum, Romanism and rebellion" does not say worse than Mr. Blaine often said in the Kennebec Journal, or as he wrote in the Madigan circular.

A REPUBLICAN torch bearer at Taylorville stuck his torch into the face of a democrat, and a row ensued in which the torch bearer was killed. The Republican charges it as a democratic murder. Then the killing of Garfield was a republican murder! The cutting of the electric light wire on the night of the Harrison meeting was a republican trick; the cutting down of the democratic banner on Friday night was a republican insult to the democracy! The partisan Republican proves too much.

THE chain gang was relieved of one of its members who had yet 28 days to serve, that he might play the drum for the Logan procession. Look out now! Every fellow on the gang who will vote the republican ticket will get free before Tuesday, or be voted by some one in charge.

WE are republicans and don't propose to leave our party and identify ourselves with the party whose antecedents have been rum, Romanism and rebellion—Rev. Dr. Burchard to James G. Blaine.

Dr. Burchard's speech visibly affected Mr. Blaine and moisture glistened in his eyes.—Republican Reporter.

IT has been charged against Mr. Shorb that he uses the influence of his position, as street commissioner, for partisan purposes on election day. The men should refuse to be bulldozed. Mr. Shorb holds over by a very slender thread. A street commissioner has not been appointed this year yet, for the reason that Mr. Shorb would not be confirmed by the council. Why don't the mayor appoint?

THE Decatur Republican had the following yesterday:

The spiritual crank that delivered the address on behalf of the clergymen who called upon Mr. Blaine in New York the other day, and spoke of "rum Romanism and rebellion," was evidently trying to make up in zeal what he lacked in common sense and good manners. Remembering the fact that Mr. Blaine's mother was a devout Catholic, that gentleman's cheek must have burned with indignation when the cranky clergyman made the reference spoken of, and it would have served him right if Mr. Blaine had rebuked him then and there. This is no religious campaign.

Ho, he is a crank, is he? He made a bad shot, hence a crank. Yet he was chosen to represent a large body of clergymen, and the republican reporter says that "his speech visibly affected Mr. Blaine, and moisture glistened in his eyes." Blaine hates a Catholic as the devil hates a saint, as shown by his knownothing editorials in the Kennebec Journal, and his famous Madigan circular. Bro Mosser adds, "This is no religious campaign." The sentiment is Mosser's; the grammar is John A. Logan's.

THE radical preachers of New York, when they called upon Mr Blaine, through their spokesman, Rev. Dr. Burchard, said.

We are happy to welcome you to this city. You see here a representation of all denominations of this city. You see the large number that are represented. We are your friends, Mr. Blaine, and, notwithstanding all the calumnies that have been urged in the papers against you, we stand by your side—Shouts of "Amen,"—We expect to vote for you next Tuesday. We have higher expectations, which are that you will be President of the United States, and that you will do honor to your name, to the United States and to the high office you will occupy. We are republicans and don't propose to leave our party and identify ourselves with the party whose antecedents have been rum, ROMANISM and rebellion. We are loyal to our flag We are loyal to you.

And the republican reporter for the occassion adds:

"As Dr. Burchard spoke his voice trembled, and his whole manner showed the earnestness of all he said. His speech visibly affected Mr. Blaine, and moisture glistened in his eyes."

THE Republican and Herald have published communications from so-called "inquirers," by insinuation charging Mr. Buckingham with fraud, giving their papers to the base use of circulating falsehoods. These communications have been circulated in hand bills. Mr. Buckingham publishes a card this morning which is very explicit. He says that the man who intimates that he ever wronged Macon county out of a cent in fees is a villainous liar.

The public should understand that all fees, fines and forfeitures are paid to the sheriff or clerk of the court. No one can get this money except by receipting the docket. If Mr. Buckingham has wronged Macon county, where have the republican clerks, sheriff and states attorney been all this while that they did not have it collected. These affairs are made a matter of record. First the report is sworn to; then approved by the judge; then filed in the circut clerk's office, and *should be there now*. Instead of Mr. Buckingham owing the school fund, or the county, he had earned several hundred dollars in fees, for which there was no money to pay him. This is one of the slimest lies of the campaign. Again, it is the duty of the county superintendent to look after any balances for the school fund. Do these slanderers charge the covering up of a fraud upon Trainer? Look out for slanderers! No one has every dared intimate that Mr. Trainer would cover up a fraud.

THE "head lines" of the Chicago Times of yesterday put political affairs in New York and the east as follows:

PLEADING WITH PAT.

Frantic Efforts of Blaine's Managers to Check the Irish Revolt.

Thousands of Outraged Celts Demanding the Defeat of the Tattooed Knight.

The Alliterative Pulpit-Pounder's Stupidity Beyond All Hope of Reparation.

New Jersey and Connecticut Inundated by a Golden Stream From the Republican Barr l.

Democrats Roosting High, but Preparing to Come Down Next Tuesday.

THE LEGISLATURE.

In voting for Representatives in the Legislature this year, it has been agreed by the Democrats of Logan and Macon counties that each county shall vote for its own man, Logan voting 3 votes for R. H. Templeman and Macon 3 votes for JAMES M. GRAHAM. To equalize the votes, a certain number agreed upon will be cast in Macon county in certain districts for Templeman. Democrats of Macon county, except individually instructed by their committee, should vote 3 votes for Graham for the legislature. In this way we can divide the vote equally, and elect both men.

RUM, ROMANISM AND REBELLION

At a meeting of the ministers with Blaine, in this city, Wednesday, the Rev. Mr. Burchard, in his address to Blaine, said:

"You represent all the virtues Mr. Cleveland represents Rum, Romanism and Rebellion."

Blaine did not rebuke this or disavow it. He accepted the position assigned to him. It is, of course, utterly untrue as well as insulting.

Blaine is eager to get elected; he is willing to stand on any platform to climb into the presidency. His latest role is natural to him. But this "Rum, Romanism and Rebellion" appeal is the most ruffianly of any of his recent escapades.

WILL MR. VAIL PLEASE ANSWER?

Were you a republican prior to 1872?

If so, why did you cease to be a republican in 1872?

Did you not support the democratic national, state and county tickets in 1872 and oppose the republican ticket?

Were you not elected to the office of states attorney in Schuyler county in 1872 by the democrats?

Did you join the democrats in 1872 in order to get an office, or because you honestly believed that the democratic party was safer for the country than the republican party?

Were you not a democrat from 1872 until 1878?

Why did you again become a republican in 1878?

Was it because the democrats had grown worse, or because the republicans had a majority in Macon county?

Were you not a democrat and acting with the democrats after you came to Macon county?

Did you ever become a prohibitionist? If so, when, and are you now one? If not, when did you cease to be one?

Did you not oppose the election of B. Z. Taylor, who was nominated by the republicans for alderman in the Third ward of this city in the spring of 1883, and when asked why you were opposing the republican nominee, did you not give as a reason that you were a prohibitionist and that Taylor was in favor of license and that that was why you opposed him?

Have you not stated in your speeches at Macon, Wheatland, and other places, during the present campaign, that you were not a prohibitionist?

Were you not a candidate for renomination to the office of states attorney before the democratic convention of Schuyler county in 1876?

Did you not vote for Tilden in 1876?

Did you not introduce a resolution in the republican convention of this county in 1882, in favor of the submission and adoption of a constitutional amendment prohibiting the manufacture and sale of intoxicating liquors in the state?

Are you in favor of the submission of such a constitutional amendment?

If such a constitutional amendment is submitted, will you vote for its adoption or against it?

A REPUBLICAN.

RUM, ROMANISM AND REBELLION.

The rock-ribbed republican clergymen who waited on Mr. Blaine yesterday to assure him of their "loyalty" and "allegiance" were presided over by the Rev. Dr. Burchard, of the Murray Hill Presbyterian church.

Before receiving Mr. Blaine these reverend gentlemen, ministers of the gospel of love and charity, adopted a series of resolutions in which, emulating the malicious lying and slandering of scurvy politicians, they assailed the character of the democratic candidate, Grover Cleveland, an honest, upright, truthful man, and beslavered with unctuous praise the notorious, self-convicted corruptionist and "continental" liar, James G. Blaine.

When Mr. Blaine entered the room the chairman of the Pietistic Primary received him and said: "We are very happy to welcome you to this circle. We are republicans and don't propose to leave our party and identify ourselves with the party whose antecedents have been rum, Romanism and rebellion."

How do the democrats, and especially those of Irish birth and descent who are said to be willing to support Mr. Blaine, relish this picture of the party to which they have adhered for years? How do they like the idea of an association with hypocrites and bigots who denounce the faith of their fathers as ROMANISM and place it on par with RUM and REBELLION?

Mr. Blaine and his friends, in their eagerness to clutch at every chance of making political capital, have not hesitated to inflame religious prejudice and to drag creeds into politics. They have appealed to all religions and to all nationalities in their reckless struggle for votes. But their ingrained intolerance speaks out through the voices of their less trained and politic adherents.

"The party of rum, Romanism and rebellion!"

The designation is an insult to a majority of the people of the United States.

Over four millions and a quarter of democrats gave their votes to Samuel J. Tilden—a clear majority of 246,000 of all the voting people of the Union—in 1876. Nearly four millions and a half of democrats voted for Gen. Hancock, and the republican candidate, Garfield, was in a minority of over 310,000 of all the people who voted in 1880.

The republican party has never been anything but a minority party. It has never represented a majority of the people of the United States.

Yet in the presence and for the gratification of the Republican Whiskey-Ring and Star-Route candidate for president, the great democratic party, representing the majority of this nation, is branded as *"the party of rum, Romanism and rebellion."*

The offense is the more serious because the insult came from a minister of the gospel, whose calling requires him to be truthful, charitable and temperate, and was uttered in the presence of a candidate for president, who listened to the lying, slanderous and uncharitable remark, with complacency and without a word of rebuke.

Let "the party of Rum, Romanism and Rebellion" resent the insult at the polls.—[New York World, Oct. 30.

An elastic step, bouyant spirits, and clear complexion, are among the many desirable results of pure blood. The days of the crazy quilt are numbered An American manufacturer has just composed a new style of silk quilt called the "Queen Anne." It is made of quarters and diamonds of silk handkerchiefs, so arranged as to form a most elegant piece of patchwork. The inventor intends, however, to monopolize this peculiar silk quilt business and has applied for a patent.

Inadvertently no mention was made of the Forsythe club in the democratic procession Thursday night. They made a fine appearance and deserved especial mention. The club is thirty-five strong and every member is a democratic voter. On each evening of the past week they appeared in a democratic procession in some town in this county. The Forsythe boys are enthusiastic and are working in a good cause.

A grand excursion to California, via. New Orleans and the "World's Exposition," will leave Chicago over the Illinois Central R. R., about December 1st—the exact date will be announced in a few days. The sisters in charge of St. Mary's hospital desire us to state that they will call upon our citizens for aid for their excellently conducted and eminently worthy institution next week. We hope they will be kindly received and liberally treated. There are now twenty eight persons in the hospital, and the amount of good the sisters have accomplished through its agency in the past year is uncalculable. It is a credit to our city, and in a pecuniary point of view is entitled to consideration, in that it is economically conducted, and its benefits extended to many who would otherwise become a charge upon the county. There is a debt of about $4,000 on the building and grounds, and the hospital is in need of additional furniture. "The Lord loveth a cheerful giver."

Macon Rally.

The democrats of Macon held a rally last evening, which surpassed all their previous efforts Delegation from Boody, Elwin and Moaweqna participated in the torch-light procession, headed by brass bands and martial music. Enthusiasm ran high and cheer after cheer went up for Cleveland, Hendricks and Harrison. After the procession speaking was held in the tabernacle, which was crowded to its utmost capacity. C. C. Clark was the first speaker, and his time was mainly devoted to the tariff question. His argument was forcible and plain and awakened deep enthusiasm. He was followed by J. M. Graham, who in his usual eloquent manner delivered a splendid address in the interest of democracy. E. R. Eldridge closed the exercises in a masterly effort for democracy. Throughout the speaking the audience gave their undivided attention. A glee club from Moaweqna, composed of young ladies furnished excellent music.

Carrie Swain.

This sprightly and popular little actress appeared at the opera house last evening in her new play "The Little Jocker," which was written expressly for her by Fred Maeder, under whose management she is now starring. The play was written to bring out her strong points, with which the author was evidently acquainted. She assumes the role of "Chirp" a regular "tom-boy" character in which she brought down the house. She is a jewel in the profession of the Lotta school, and her ability to carry her audience with her was manifested last night. She sings sweetly, dances elegantly and in male attire flips a forward and backward handspring with remarkable agility. "Old Muddlebrain" and "Sibyl Atherly," were prominent characters in the play, as was "Little Sun Ray," who is undoubtedly one of the best child actresses on the stage. Three different times Miss Swain was called before the curtain to bow her acknowledgement to her delighted spectators. The audience was quite large, Miss Swain being a particular favorite with Decatur people. The company carries some fine scenery. The "Little Joker" will always win in Decatur.

The Stone Work on the Catholic Church.

James A. Young, of Decatur, has completed the stone work on the Catholic church, with the exception of the tower. It is generally acknowledged that the stone work upon this famous fabric surpasses that upon any building outside of Chicago, and Mr. Nolte, an architect of Effingham, the superintendent of construction, says that Mr. Young has done his work to perfection.

The south entrance is a gothic stone arch of four layers, and is surmounted by a stone gable and cross. The approach to the door is by six stone steps on three sides. The windows are gothic shaced, mounted by arched stone and labelled stone moulding. The buttresses besides the belt course are mounted by five courses of stone weathering. The tower, when completed, will contain twelve layers of stone. In this structure there will be over 2,000 cubic feet of dressed stone. The expense for stone and work alone will amount to something near $6 000, and has taken on an average of seven men three and one-half months to do the work.

Mr. Young has been greatly assisted in this work by his son, Charlie, who has had principal charge of the drawings and details. It is a monument to the artistic skill of these gentleman.—[Mattoon Commercial.

Excursion to Tennessee, Mississippi, Arkansas and Texas.

The Illinois Central railroad will run an excursion to the above named points: Leaving Decatur at 5 p. m, November 18, 1884. Jennings, and Florida points, we will run through coaches and sleeping cars from Sioux City. Special Notice.

There will be a special meeting of the Butler campaign committee at D. Hutchinson's office to-morrow (Monday) evening. Every member of the committee and every member of the club is expected to be present. By order of the committee.

PERSONAL.

Henry Wonder. foreman of the Wabash car shops, left yesterday for Peoria, where he will remain until after Tuesday.

Mr. and Mrs Geo. Lower went south on the Illinois Central yesterday evening. They will extend their absence two or three days.

Charley Bryan, for many years chief salesman at Cheap Charley's has accepted a similar position at John Irwin's, where he will be pleased to see his old friends.

E. R. Eldridge has returned home from Piatt county, where he has been making telling speeches in the interest of democracy. He is well pleased with the outlook in that vicinity.

Mr. James C. Stanley, formerly of this city, but at present editing a paper at Litchfield, announced himself a short time since as an independent candidate for state senator, in opposition to Hon. E. Southworth, the regular democratic nominee. The republicans made no nomination, and Mr. Stanley felt encouraged. But when the republican committee ordered the tickets printed they forbid the name of Stanley being put on it. And now the devotees and admirers of James will have to put his name on the ticket with pencil, or —leave it off. It will not be written on many of the tickets.

A Card.

I desire to say in answer to the insinuating, lying charges that are being, so industriously circulated against me by Mr. Vail and those assisting him that the charges are false. Any man who states that I, at any time, defrauded Macon county or the school fund out of a single cent, is an infamous liar and slanderer, as will be shown by the records of Macon county, and by my official reports made to the circuit court, if they could all be found.—[I A. Buckingham, Decatur, Nov. 1, '84.

Would Like to Know.

The writer would ask the editor of the Herald and Mr. Vail, if the alleged charges against Mr. Buckingham were not paid for by Mr. Vail at the rate of 15 cents per line? Is it truth the Herald wants, or is it the "boodle?"

BY THE LIGHT OF DAY.

Past Impossibilities the Facts of the Present—Help in the New Era.

"I remember when they were putting up the poles for the first telegraph line in the State of New York, and now look there!" exclaimed a citizen of the metropolis to his friend, as the two stood on the summit of the tall Equitable building in Broadway. "The city is strung with wires like a harp, and electric communication is the daily miracle of the world. People no longer wonder and laugh at it as they did at Morse when he first suggested its possibility."

The age marches on and prejudice must give way. Nobody has a monopoly of truth. Even the conservative guild of physicians admit that the secrets of medicine are shared by all men. "I dressed his wound, and God healed him," said old Galen. Once that terrible disease, Rheumatism, was supposed to be a shifting, local ailment, now attacking the joints and now the muscles. To-day it is demonstrated to be a disease of the blood.

Mrs. Henry Bogert, of No. 451 Atlantic Avenue, Brooklyn, N.Y., writes to Messrs. Hiscox & Co., of New York, proprietors of Parker's Tonic that "she had been completely disabled from Rheumatism and pain in the back and limbs. She was advised to take the Tonic for Kidney disease. She did so, and her Rheumatism disappeared." The reason is simple. Diseased Kidneys produce rheumatic symptoms. Cure them and you destroy Rheumatism. This is now admitted by all intelligent physicians It is the new light thrown on their time-worn and mistaken theories.

Parker's Tonic which is a combination of the best remedies for the blood known to science, is universally successful in combating this terribly common complaint. Those who, like Mrs. Bogert, suffer from Kidney or Liver diseases or any complain arising from impure blood, will find the Tonic a prompt and certain remedy. Prices, 50c and $1. per bottle. The larger size the cheaper.

The Proposed Treaty Between America and Spain Presented to Alfonzo and Cabinet.

A Digest of Its Provisions—A Belief that It will Be Strongly Opposed by the Cortes.

The Franco-Chinese Difficulty—Fair Trade vs. Free Trade in the British House of Commons.

OTHER OLD WORLD MATTERS.

LONDON, Nov. 1.—A Madrid dispatch to the *Standard* says: At a meeting of the Cabinet Council Thursday, presided over by King Alfonso, Senator Elduayan, Minister of Foreign Affairs, submitted for consideration the conditions agreed upon between United States Minister Foster and Senor Albacete, Spanish Commissioner, for a special treaty of commerce with America. This treaty would be the starting point for a new colonial and tariff policy in the Spanish West Indies. It would open the Castilian colonies to American competition against Spanish imports, but it would also admit Cuba and Porto Rico into the Zollverein, which America is gradually forming with Mexico and other Spanish speaking countries around the Gulf of Mexico and in Central America on the basis of reciprocal concessions, and discriminating duties to the exclusion of European competition. Canada, the British West Indies and the Central American Republics will receive the same advances from "Yankee diplomacy" shortly.

The special Hispano-American Convention stipulates that its advantages shall apply only to trade between the United States, Cuba and Porto Rico, which is carried on under the American and Spanish flags respectively. By its terms America will admit sugars, molasses and raw tobacco free of all duty, and the duty on other articles imported from the West Indies will be reduced. Spain will place American flour and cereals imported into her colonies upon the same footing as those imported from Spain, and will make a large reduction on the duties on cattle, salt, fresh fish and all but a very few of American manufactured goods. Spain will also suppress the consular tonnage duties which are now levied at American ports, and promises further to reform the custom-house, harbor and sanitary regulations and fines in her colonies.

The convention is likely to meet with much opposition in the Cortes.

PARIS, Nov. 1.—The *Journal des Debats* denies that France is legally at war with China. It contends, therefore, that England has no reason to forbid French vessels to reviictual at Hong Kong.

ROME, Nov. 1.—The Pope is angry at the reported speech of Bishop O'Farrell, of Trenton, N. J., representing his Holiness as having expressed the hope that Ireland might soon become independent of the Government of England. The Pope has cabled the Bishop demanding an explanation.

TRENTON, N. J., Nov. 1.—Bishop O'Farrell says that he has no cablegram from the Pope, such as announced in a dispatch from Rome to day. The Bishop says he does not expect any such message, as the Pope knows he has been misrepresented and did not say what he was reported to have said.

LONDON, Nov. 1.—The Commons last evening was mainly occupied in the discussion of the merits of fair trade versus free trade. In the discussion it was stated that complaints were made that rents were diminishing everywhere, that capital was leaving England for present investment in "protection" countries, and that the English trade was suffering from foreign countries and protective duties.

CAIRO, Nov. 1.—It is rumored that the rebels have captured an English reconnoitering party, mounted on dromedaries, south of Dongola. The defect in the commissariat is owing to the difficulty in making portages so as to avoid the cataracts. This will cause the postponement of the main advance from Wada-Halfa until the middle of December. It is said that General Gordon has repulsed an attack by El Mehdi's troops. A Khartoum telegram dispels the uneasiness arising from the recent absence of news.

PARIS, Nov. 1.—The French Government has sent an official representative to Corea to watch the interests of Frenchmen there, as German influence now predominates in that country. Riotous Whisky-Peddlers Firing on Police.

TORONTO, Can., Nov. 1.—Letters were received yesterday from some of the police of this city, who went to Michipicoten to quell the riots instigated there by lawless whisky-peddlers. The police had no difficulty in landing, but shortly afterward were fired upon. The police charged the crowd, and arrested six of the ringleaders. That evening shots were fired into their boarding-house from a hill-top, wounding their cook. They pursued the miscreants, but only one of them was arrested. The seven prisoners were brought before a magistrate and remanded.

Cincinnati Policemen Indicted.

CINCINNATI, O., Nov. 1.—The United States Grand Jury has indicted Lieutenants of Police Michael Mullen and John Burke and Patrolmen Keating and Cunningham, on the charge that "By force, threats and intimidation they prevented qualified voters from exercising the rights of suffrage." FLED TO SAVE HIS LIFE.

Attorney-General Miller, of Manitoba, Pursued by a Mob, Infuriated Because of a Merciless Flogging of a Prisoner by His Orders.

WINNIPEG, Manitoba, Nov. 1.—The most remarkable scene ever witnessed in the Northwest took place here last night. The city has been hideous with the shouts and noise of an infuriated mob. Thursday, by order of Attorney-General Miller, John McCormick, from Dakota, who was sent to jail for eight months for larceny, was taken out in the yard, tied up to a triangle, stripped, and in the falling snow flogged with a "cat-o'-nine tails," because he made an attempt to escape from the guard when the latter was not looking. Public indignation against Miller was so great that last night five thousand citizens assembled and burned him three times in effigy, the crowd singing: "We'll hang Judge Miller to a sour apple tree." A procession then formed, marched to the jail, and demanded the person of John McCormick, but the authorities would not deliver him. The mob groaned and hissed for half an hour, and then went to the Government buildings and demanded that Miller be produced. Premier Norquay came out and addressed the crowd, saying that the Government would give a proper account of its position to the public in a few days, when the blame would be put on the proper shoulders. The crowd howled for Miller, but it was announced that he had fled the city in the afternoon. He was seen to take the train for St. Vincent, Minn. Last evening, when the mob was at the Government buildings, the military, with fixed bayonets, marched up and attempted to disperse it, but without success. The streets are still being paraded by a mob howling for satisfaction.

FROM RICHES TO RAGS.

The Cast-Off Daughter of an Aristocratic English Family Dying in a Poorhouse.

PITTSBURGH, Pa., Nov. 1.—About twenty years ago the youngest daughter of a wealthy and aristocratic Englishman living at Wolverton, in Buckinghamshire, fell in love with a servant of the family. She was then about sixteen years of age. The father, upon discovering the truth, banished her from home and disinherited her. She came to this country with her husband, with an inheritance left her by an aunt After moving about from place to place in the East Mrs. Langdon and her husband came to Pittsburgh in 1873. Four years later, after leading a miserable life Langdon abandoned his wife. Since that time she has kept herself barely alive by cleaning house, while carefully concealing the secret of her identity. Though for seven long years she fought with all the energy she possessed she was forced finally to succumb. Two weeks ago she dragged herself to the office of the Poor Board and told her pitiful story. She told her true name and the names of her wealthy and distinguished relatives, but asked that they might not be disclosed. The woman was sent to the poor-farm, where she now lies in a critical condition. The Poor Board officials decline to reveal her identity.

A Desperate Fight Against Abduction.

NEW HAVEN, Conn., Nov. 1.—A bold case of abduction occurred here Thursday evening. Three men called at the residence of Dr. E. J. Toof, 126 Wall street, and when the servant opened the door, made a rush for the dining room, where Mrs. Toof and her daughter and Mrs. Rollin C. Reeves and her daughter were at supper. Mrs. Reeves recognized one of the men as her husband, from whom she had separated. She immediately seized her daughter, who is only six years of age, and tried to escape with her, but her husband seized her, and after a desperated struggle, during which Mrs. Reeves was knocked down, secured possession of the child. Assisted by his accomplice, who had prevented any inteference, he placed the child in a carriage and drove rapidly toward the outskirts of the city. This is his second abduction of the child. About two months ago he took her to Massachusetts, but was arrested and forced to return her to her mother.

An Explosion at Milwaukee's Gas-Works.

MILWAUKEE, Wis., Nov. 1.—An explosion occurred at the gas-works, in the Third Ward, at an early hour yesterday morning, which destroyed property valued at $15,000. The explosion is supposed to have been caused by a stoppage in a pipe leading from the condensing-rooms to the purifying-room. The building in which the purifiers are placed is a large brick structure. The roof was blown off and the walls badly crushed. The twelve purifying-boxes were all more or less damaged. For a short time consumers will have to put up with unpurified gas.

A Wife-Murderer Attempts Suicide.

LIMA, O., Nov. 1.—Ben Heffner, the wealthy farmer who murdered his wife Thursday, near Westminster, this county, attempted suicide by hanging in the jail here yesterday morning. He tore a blanket in two, and with the pieces and his suspenders made a hangman's noose and supended himself from the ceiling. The other prisoners heard his struggles and alarmed the Sheriff, who cut him down. The son, who is ill of typhoid fever, is so prostrated by his father's crime that his death is hourly expected.

LOCKPORT, N. Y., Nov. 1.—Dr. Ira Richmond, who has been on trial for some time past in the County Court, held for manslaughter in the first degree in causing the death of Miss Lizzie Cook by malpractice, has been convicted of the crime. THE STATE OF TRADE.

The Country's Business Continues Quiet, with Little Signs of Improvement—The Week's Failures.

NEW YORK, Nov. 1.—Special telegrams to *Bradstreet's* this week indicate that in general there has been no gain as compared with the movement of merchandise for several weeks past. General trade at almost all commercial centers continues quiet with little, if any, prospect of material gains prior to the opening of the new year. There are the customary isolated announcements of slight improvement in the movement from jobbers' hands at a few Southern and Southwestern cities which have been noted from time to time for a month or two past. There has been some little gain in the movement of dry-goods at the West, but at Eastern markets prices are unchanged. Stocks are as large as ever, and there is no new demand. Reassortment demand is as small as ever. Cotton has advanced slightly, mainly on advices of improved business at Manchester and Liverpool, which has been stimulated by late low prices. The October cotton report states that the bulk of the crop picked is in unusually fine condition. Wet weather is delaying the gathering of the small portion remaining in the fields. The wool trade has developed no improvement. Manufacturers buy as they need supplies, but there is not much disposition to quicken business at the cost of price concessions. Last week witnessed a heavy rush of wheat to primary markets, and probably marks the climax of the movement. Wheat in the Northwest has already declined, farmers now preferring to hold their grain. With the close of lake navigation this month and an advance in rail rates producers evidently look for better figures for their surplus grain. Indian corn declined 3⅜ cents per bushel, closing at 53⅜ cents. Trading in corn has been very dull.

Provisions are weak, on free receipts of hogs at all points. Efforts have been made to check free sales by raisers, who are marketing light-weight stock on a declining market, possibly under the pressure for funds, and perhaps on the belief that prices must go further off on hog products, and hence on hogs. Pork closed at $16.50, against $16.75 last week.

There were 205 failures in the United States reported during the week, against 234 in the preceding week, and 195, 154 and 135 in the corresponding weeks of 1883, 1882 and 1881, respectively. Classified by sections and compared with last week, the result is as follows:

He wishes to make public announcement of his gratitude for the kind wishes of his friends, and to say that, owing to the pressure of business demanding his attention, it will be impossible for him to make acknowledgements to his correspondents individually. The heads of business and the chiefs of division were formally presented to the new Secretary at noon.
